SHOWER SPAS

PULSE ShowerSpas, Inc. is committed to providing quality products, innovative design and flawless function at an affordable price. We are dedicated to establishing and more importantly, supporting an extensive network of authorized dealers throughout North America that display and sell our unique line of ShowerSpas & accessories.

We pride ourselves on having one of the most diverse lines of pre-plumbed shower systems on the market. When it comes to feeling refreshed and invigorated, nothing helps you achieve that state of renewed vitality quite like PULSE ShowerSpas.

With a PULSE retro-fit shower system, aesthetically and functionally upgrading your shower has never been easier. Designed to utilize your existing valve & connect via the old shower arm/head location; these complete shower systems are simple enough for the do-it-yourself installer. Integrated diverters provide fingertip control of multiple functions. Several styles to choose from complimenting virtually any decor.

PULSE Santa Fe Series brings old world craftsmanship to the new world. With the Mojave, Navajo and Vaquero, these hand forged copper panels are individually unique and create a statement all their own. Enhanced with oil rubbed bronze or brushed nickel fixtures these units meet the standards of the most discriminating buyers.

PULSE ShowerSpas are designed to be aesthetically attractive and functional in design. These ShowerSpas achieve that and more by giving you features such as two and three function body spray jets which mist, spray, or massage.
