

## Poseidon Shower System

1066-GMB

- Wall mounted and completely pre-plumbed to easily connect to indoor or outdoor water lines
- Made from #316 powder coated stainless steel – made to withstand interior and exterior elements
- Features handshower and foot rinse spout, ideal for everything from personal use to pet bathing
- 3.5" showerhead delivers a concentrated water flow for an invigorating wash
- Pressure balancing valve cartridge assures constant output temperature regardless of pressure changes
- For outdoor installations, an inline drain is recommended to prevent freeze damage

Perfect for indoors also
